Come, You're Invited.

REV. R. F. COLE  
BAPTIST EVANGELIST

Who will conduct the Revival Meeting beginning at the Baptist Church at 10:15 o'clock A. M. Monday, April 17th

Two teaspoonsful of Tanlac in a little water taken three times a day just before meals will make you eat better, sleep better, feel better and work better. Sold by W. H. Windrow.

The protracted meeting under the auspices of the Hondo Methodist church will close with tomorrow night's services. It will be taken up Monday at 10:15 o'clock at the Baptist church and carried right on for another two weeks.

Richard Schwobe was carried to a San Antonio hospital on Wednesday evening's train where he underwent a successful operation for appendicitis. Everyone trusts the young man will soon again be enjoying his normal health. He was accompanied to the hospital by his sister, Mrs. Harm Frerichs, and Andrew Bless.

Otis, the little son of Mr. and Mrs. George Neuman, will have to sit by the window and watch the kiddies go by for some time to come. Otis was one of a party to go out to his Grandpa Peter's farm Sunday afternoon. Arriving there he went on an inspection tour, and among other things he found was a pitchfork, one of the times of which he stuck through his foot. He was rushed to town and surgical assistance rendered and while he is now getting along all right, he has an extremely sore foot and it will be some time before he will again be able to join the kiddies in their play where dexterous use of his foot will be necessary.

Mr. and Mrs. Henry Frerichs and daughters, Misses Millie and Bessie, Mr. Arthur Mangold, Miss Betty Frerichs, Mr. and Mrs. Edgar Stiegler and sons, Edgar and Ralph, and Mrs. F. Frerichs visited Mr. F. Frerichs in Kerrville Sunday, and found him doing very well.

Mr. J. O. Redus and family came up from Devine last Saturday for the County School Meet. Mr. Redus also paid this office a pleasant call, complaining that the sand storm on April 3rd did considerable damage by covering up the young plants in the fields.

Uncle George Haass, one of Medina county's oldest and most highly respected citizens, and whose critical illness was recently mentioned in the Anvil Herald, has regained his normal health, and was transacting business in town Monday morning.

Next time ask for REDSKIN TUBES.

John and Adolph Vollmer were business visitors here from Castroville Thursday.

Mrs. Chas. Brown and little son, Chas. Jr., are here from San Antonio, the guests of Mrs. Brown's parents, Mr. and Mrs. J. W. Miller.

Postcards from Judge and Mrs. H. E. Haass announce their arrival in Dallas, Texas. They will probably not reach home until some time next week.

O. J. Bader and Miss Della Oefinger, and Adolph Haby and Miss Edith Tidmore composed a party that visited Castroville and Medina Lake Sunday.

The Yantis Motor Company reports the sale of three Ford touring cars, one to Johnnie Schuehle, one to Robert Mumme, and one to O. J. Bader.

A basket picnic will be conducted at the Sturm Hill school house Saturday, April 22. You are invited to come, bring your basket and join the jolly crowd.

Tanlac is the result of years of study, experimentation and research by some of the world's greatest chemists. Hence its merit. Sold by W. H. Windrow.

The new board of trustees of the Hondo Independent School District held their first meeting Tuesday night, Mr. O. E. Lacy was elected president of the new board, succeeding Mr. E. R. Leinweber, retired, and Mr. J. R. Chancey was elected secretary, succeeding Mr. Henry Merriman, retired. All of the present faculty was re-elected to their present positions, but as they have not signified their acceptance, we are unable to say whether or not they will conduct the school for the 1922-23 term.

The town cow has been a joke since time immemorial, but last Monday the tables were turned and the town cow was the butt of the joke, and if she had the power of expression we imagine her opinion of her biped owners would not come in for much flattery. From early morning till late in the afternoon the streets of Hondo resembled a great round-up, lowing cows and bleating calves were traveling from every point of the compass, all headed for a common point, the dipping vat. Quite a little fortune in kine passed through the vat, those in charge reporting the number to be 656. Of course, all these were not town cows, strictly speaking, quite a number being brought in from nearby farms. About eighteen days will elapse before the cows will have to undergo the ordeal of a second dip.

This is not a paid advertisement nor is it a solicited boost given for nothing. Mrs. Haralson pays for the advertising she does and never tries to work the editor for free publicity. And she won't know he is writing this until she reads it in the paper. Mrs. Haralson is deserving of much credit for her effort to maintain a creditable moving picture show for the entertainment of Hondo's amusement lovers, but she has never received the encouragement, financial or otherwise, that effort deserves. Undaunted by discouragements that would deter a less resolute spirit, she is bringing to Hondo some of the best that the moving picture art affords. If you go to see the "Old Nest" on April 24, and don't say it is "among the best" then you are at liberty to accuse the editor of not knowing "the best" when he sees it. He has seen it and he is willing to risk his reputation in saying this, and he is saying it all "unbeknownst" to Mrs. Haralson.

One of the prettiest residences in Hondo, when finished, will be the 9-room brick bungalow now being built in the Meyer Addition to Hondo by Dr. J. E. Schlottmann. The building is being constructed of D' Hanis brick, will be modern throughout with sleeping apartments on both the first and second floors and with hot and cold water in the bath. The doctor is to be congratulated upon his enterprise in making this substantial addition to Hondo's attractive residences.

I will order a car load of Cans for the Home Canner and thereby get cheap prices. Let me know your wants for the season. No. 2 Cans, \$3.65 per hundred; No. 3 Cans, \$4.71. For further particulars address, Louis Biediger, Lacoste, Texas. 344t.

Mr. and Mrs. Armin Bendele and children were up from Enterprise yesterday, attending church services and incidentally shopping. Mr. Bendele says oats are looking good in his section but will soon need rain again, as they are beginning to head out.

Mr. and Mrs. H. G. Henderson returned home last Monday from East Texas, where Mrs. Henderson has been engaged in school work, and Mr. Henderson been employed in civil engineering. The schools over there have shorter terms than our schools. They will spend the vacation period here.

Gus Batot and family were here on a visit to relatives the last of the week. While here Mr. Batot paid our office an appreciated call. While Mr. Batot is pleased with life in the Alamo City, where he has had a good position with the George Mandry Coopersage Works for some six or more years, he still loves Hondo.

The motion for a new trial in the case of Adams Co. vs. Juan Pena, et al, tried in the county court here last week and judgment rendered for defendant, was argued Thursday. Judge Noonan took the case under advisement and had rendered no opinion up to the hour of going to press. Plaintiff brought suit to recover on note and to foreclose chattel mortgage.

The derrick for the Yancey Oil and Gas Company well was completed last Saturday, the water well completed and everything in readiness for commencing work. It was the purpose of the company to spud in yesterday, Friday, but we are not advised as to whether or not this was accomplished up to the time of going to press. The company will spud in with a ten-inch hole, and it is its purpose to go down to 3,500 or 4,000 feet unless oil is encountered at a shallower depth. The new well is on the Nixon farm, some three-quarters of a mile south of the Newell-Nalle well.

## INSTALLATION SERVICES LUTHERAN CHURCH

Sunday, April 9, 1922, was another red-letter day for St. Paul's Evangelical Lutheran Church in Hondo, thus adding a new chapter to already interesting and growing story.

It was on the above mentioned that the newly elected pastor, G. E. Grueber, was duly installed his work as pastor of the Lutheran parish.

The election of a new pastor found necessary because of the resignation of the former pastor Rev. Falkenburg, who, having grown in the service of his Maker, desired to retire from the active ministry. May God's blessing be and abide him for the remainder of his joyful journey.

There are two confessions of the members of St. Paul's Lutheran church should ever bear in mind view of the blessings shed upon the first is: "I am not worthy of the mercies, and of all the truth which thou hast shown unto servant." Genesis 32-10a. The second is: "It is of the Lord's mercy that we are not consumed, because His compassions fail us not. They are new every morning; great is thy faithfulness." Lamentations 3, 22.

As the bell of St. Paul's church pealed forth its joyful tones, a large concourse of people, members, friends, gathered in the house of God to witness the solemn installation services properly arranged this occasion.

Rev. A. Falkenburg, former pastor and organizer of the congregation authorized by the President of Synod, Rev. Theo. Bogisch, read solemn words of the installation vices and delivered the charge to elected pastor. After this the pastor entered the pulpit and delivered a short discourse on the gospel lesson for Palm Sunday.

The day was replete with good things which will ever be remembered by those who were present. At the close of the installation service the recently elected trustee, Mr. P. Richter, also took place.

It was pleasing to the ears of heart to witness how this young man in a loud voice gave utterance to willingness to be ever faithful in discharge of his duties towards God and man.

The entire service was then concluded with the Benediction and Doxology.

Dear members of St. Paul's church, all, may you ever remember day and every day in the history of your congregation, and may the past and chapters in this, your history, past, present and future, be an incentive to a solid faithfulness to God for His faithfulness, kindness and mercy, and may God continue to shed His richest blessing upon the congregation, the Church Council, the Sunday School, and upon his servant—this is the desire and wish of your pastor,

Rev. G. E. Grueber

### WHY?

Oppose Grover C. Morris for reelection to the Legislature?

He has made good; return him a second full term on July 22nd.

Mr. Morris advocates and believes in: DEMOCRACY, LAW ENFORCEMENT THROUGH THE CONSTITUTED AUTHORITIES, EQUAL AND UNIFORM TAXATION, GOOD ROADS AND GOOD SCHOOL ECONOMY AND EFFICIENCY, PUBLIC SERVICE.

He believes IF YOU TAKE CARE OF THE FARM the farm will TAKE CARE OF THE NATION. His record will bear him out. Adv. 37 3t.

### In His Own Time

An old Scotchman, David Gordon was seriously ill, with scant hope of recovery. He had been wheeled into making a will by his relatives and these were now gathered about his bedside watching him laboriously sign it. He got as far as D-A-V then fell back exhausted. "D. Uncle David, D." exhorted a nephew. "Dee!" ejaculated the old Scotchman, but with indignation, "dees when I'm ready, ye avaricious wretch!"—Exchange.

**THAT BAD BACK**  
Do you have a dull, steady ache in the small of the back—sharp, stabbing twinges when stooping or lifting—distressing urinary disorders? For bad back and weakened kidneys Hondo residents recommend Doan's Kidney Pills. Read this Hondo statement.  
Joseph Mechler says: "I can highly recommend Doan's Kidney Pills, for I know they are good. I was taken with a severe backache and had a dull pain in my kidneys day and night. When I stooped I could hardly rise up again. My kidneys didn't act right and I had to get up nights on this account. A friend told me about Doan's Kidney Pills so I used them and was helped. Two boxes of Doan's made my back as strong as iron and made my kidneys act like clock work."  
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Mechler had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

**Much Interest in Rev. Dunn's Strong Sermons at M. E. Church.**  
The big revival now on at the Methodist church, under the leadership of Evangelist S. C. Dunn, has reached wonderful momentum and interest. Last Sunday at both the morning and evening hours large crowds poured into the great auditorium, and the big choir sang with zest, enthusiasm, and in the Spirit.  
The following are a few sketches taken from one of the Evangelist's sermons, from Heb. 11:24-26. He said: "Now brethren, I suppose that every preacher has a sermon on 'Moses'; if not, he should have. I am fortunate enough to have four or five. But don't get uneasy, I'm going to preach only one of them tonight, and I assure you this shall be my shortest one."  
"My subject tonight is 'The Imperial Choice.'"  
"There comes a time in every one's life when a supreme choice must be made, and in making this choice the Hebrews as a nation failed, and that nation came to naught. Old Felix, the Roman Governor, stood face to face with this Imperial Choice as St. Paul, the great and mighty preacher of early Christianity, reasoned with him, but he failed, as he said: 'Go thy way for this time.'"  
God has delegated to everyone the heaven-born right of choice. So far as we know, this supernal privilege is given no other part of God's creation.  
"Take the small grain of sand, if you please, and look at it under the powerful microscope and behold how beautiful and wonderful it is. A real wonder-world is opened up. Yet with all its beauty and wonder, and notwithstanding the small amount of energy it would take to move it, still it has not the power to will, to choose, to move, or change itself in the least."  
"Then look yonder at the mountain chain, with its massive formation and upheaval of rock and earth, wood and mineral; yet, it is just there; grand and wonderful indeed. But the blessings of Almighty God, lavished upon man, are far superior to that given to any other part of His handiwork; for He has blessed man with the power of thought and will, choice and purpose."  
"How grateful we should be for our reason, our minds and the power of choice! Then to know our children are bright, sane, happy boys and girls!"  
"This Imperial Choice means more to you and to me than anything else in life can mean. All the powers of omnipotence call upon you to make this choice and make it now, today. 'Choose you this day whom you will serve,' are the words that come thundering from God's Holy Word. Have you failed? Have you disobeyed God's call? Now will you come with me prayerfully as we follow the steps that Moses took, and see if this study shall not be a blessing to us."  
"First:  
"When did Moses make this choice?"  
"Well evidently it was made first so far as possible for him by his parents; even before Moses was born."  
"We are sure this was true in Samson's life. Let us review that sacred history how Samson's mother and father chose those habits and customs in life that were certain not to transmit to their boy any weakness of BODY, MIND or SOUL. Evidently this was also true with Moses. For his mother planned and with her skill out-witted old Pharaoh. She built and ark with her own hands to save his body. Then, with prayer and faith, she built another far greater, for his soul. Both were successes."  
"Second: Moses made this Imperial Choice in mature manhood FOR HIMSELF."  
"After he had come to years and gotten the grasp of life as a mature man, with mature, calm, deliberate aim, he made this choice to serve God. No guessing or experimenting with it. He had seen life clear through and knew it would pay. Even after he had received his diploma from the Egyptian schools to practice law; and after he had gotten a view and taste

**REV. S. C. DUNN**  
Pastor-Evangelist.

of the Royal Life in Egypt, he said, 'I'll serve GOD with my own people.' "You men ought to be able to look life through, and realize what it will MEAN to you in all eternity if you fail to make this great choice as it should be made. Look, men, look! here you are tonight; are you ready to meet God! Have you put on the wedding garment, which will be furnished you when you accept Christ? Come, let's make the choice now."  
"Third: How did he make this choice? He made it by FAITH. Get the text: 'By Faith He Chose to Suffer Affliction with the People of God. Rather than Enjoy the Pleasures of Sin for a Season.' The greatest things come to us by faith."  
"Fourth: HE MADE THE CHOICE ON THE GROUND OF PLEASURE. After calm, mature deliberate and wise consideration, looking at the wealth, ease and luxuries of all Egypt, he decided that there was more pleasure and joy in serving God with his own people than there could possibly be in the ways of sin for a season."  
"Brother, listen; do you get more pleasure out of sin and the world than you do the service of God? If so, there is something badly wrong with your religious life. You need to come to this altar and confess your sins to Jesus and get right. Pleasure seeking moves the world, but don't make the mistake of going after the trash, and the husk of the Devil; if you do your poor little soul will wither, famish and die. 'Seek ye first the Kingdom of God and His righteousness and all these things shall be added unto you.'"  
"Fifth: He made it on the ground of Treasure."  
"In choosing to serve God, like Moses, you will 'lay up for yourself' treasures in Heaven, where moth and rust doth not corrupt and where thieves do not break through nor steal."

"Sixth: He made the choice on the ground of reward."  
"God rewarded Moses according to what he gave up. He gave up the throne of Egypt and God made him ruler over his own dear people. He gave up practice of law in Egypt and God made him the greatest teacher of law this world has ever seen. He gave up the guidance and protection of the Egyptian government and God lead him with the 'pillar of cloud by day, and the pillar of fire by night,' and supported him with His everlasting arm. He gave up the royal feasts at the table in the Egyptian capital and God fed him with manna from Heaven. He gave up a great Royal funeral, but God took charge of the funeral services. Angel choirs sang, Gabriel preached, and God Himself directed the burial. He gave up the hope of a marble tomb at his grave and God marked the spot with Mt. Nebo. He gave up the hope of having his body embalmed, but God instead, honored him with a glorified body; for, about fifteen hundred years later, on the Mount of Transfiguration, Moses, with Elias, was seen of Jesus, Peter, James and John. "He that looseth his life shall save it."

"If you are ever saved you must give up sin and choose to follow Christ."

#### MR. WENDLAND BURIED.

Mr. August Wendland, mention of whose death on April 5, 1922, was made in the last issue of this paper, was buried in the Oakwood cemetery Friday afternoon, Rev. Father F. Pallanche performing the last sad rites.

Mr. Wendland was born in Rogosan, Prisen, Germany, on the 26th day of March, 1859. He was, therefore, 65 years of age at the time of his demise. He came to America at the age of 16 years, and settled in Iowa. Later, he moved to Texas, where he lived until his death. On May 12, 1888, he was married to Miss Annie Britz of D'Hanis. To their union there were born eight children, two of whom died in infancy.

Besides his widow, he is survived by six children, Mrs. Charles E. Couzins, Foraker, Oklahoma, Miss Mildred Wendland, Houston, Texas, Charles and Henry Wendland, Ranger, Texas and Alex and Arnold Wendland of Hondo. He also has one brother living, H. A. Wendland, Charles City, Iowa.

The deceased was a good citizen, peaceable and law-abiding. His community loses a good neighbor, his family a good husband and father. The bereaved ones have the sympathy of all who know them.

Genius is the art of taking infinite pains.—Carlyle.

#### A PRAYER.

Great God, I ask thee for no meane pelf

Than that I may not disappoint myself;

That in my action I may soar as high As I can now discern with this clear eye.

And next in value, which thy kindness lends,

That I may greatly disappoint my friends,

Howe'er they think or hope that it may be,

They may not discern how thou'st distinguished me.

That my weak hand may equal my firm faith,

And my life practice more than my tongue saith;

That my low conduct may not show, Nor my relenting lines,

That I Thy purpose did not know, Or overrated Thy designs.

—Henry David Thoreau.

If thy brother wrong thee, imitate Joseph, and return injuries with kindness.—Salah-Addin.

Our fairest dreams but come to naught

When we fail to do as we ought!

Old Homespun, the village philosopher, says the trouble is too many fellows try to be their brother's keeper before they have learned to keep themselves in the straight and narrow way!

These are busy times on the farm now and business is feeling the effect. But the farmer is sowing in hope, sowing in the hope that his crops may safely pass through the dangers of drouth, and storm, and insect menace, and come to a fruitful harvest. And we all hope with him, for on the realization of that hope rests the wherewithal we shall be fed.

The Galveston News is eighty years old and on Monday of this week entered upon the 81st year of its usefulness. What a power it has been in shaping the thought and influencing the policies that have marked the marvelous development of this state, and what a wealth of history has it recorded in its files! To have contributed to its labors, in howsoever small a degree, is to have part in a heritage left to the state of which any one might feel proud.

A bunch of frauds have been kicked out of the government printing office at Washington because it has been discovered that while our boys were dying in the blood-soaked trenches of France these frauds were printing for their private gain duplicate copies of the government's bonds—the government's promises to pay—being issued to feed, clothe and ammunition those same fighting boys. This is only one instance of the rottenness that prevailed at Washington during those dark times and which no one seemed to have either the courage or the honesty to expose at the time. But slowly and by piecemeal the true history of Woodrow Wilson's mal-administration is being written. And probably it is well it comes in broken doses. The body politic might not survive the shock of all of it at once.

Alas, poor Bob; we knew him well! Who hasn't known Bob Henry? Not to have known him is to prove one's self not only unknown but unknowing. Bob was a bright boy. And with his brightness he had gall. By the aid of his gall he got himself into congress. By his brightness he managed to stay there for some considerable spell without ever doing any thing of particular note so far as any one seems to know of. But Bob, with all his brightness, had never learned the lesson taught by the fable of the dog that dropped his bone to grab at its shadow and lost all. For several years Bob has been without a bone, and has been grabbing at the shadow of a United States Senatorship from Texas. We admire persistence, and out of admiration for that, as well as on account of a paucity of reasons, so far developed, for supporting any other aspirant, we were disposed to regard his aspiration with some degree of favor. But Bob's proclivities for grabbing at shadows has become habitual and, alas, has proved his undoing! In a speech at Ft. Worth the other day he put his candidacy in the hands of his Ku Klux brethren and out-Stronged Sterling P's bid for the support of that aggregation. In Bob's fervid imagination, he sees a host of sheeted ghosts sending him triumphantly to the United States Senate, where his oath to support the constitution and the flag of his country will be subordinated to his obligation to obey the edicts and respect the night shirt and dunce-cap of a gibbering old grafter over in Atlanta, Georgia. Shadow snatching, nothing more! Alas, poor Bob!

God reigns and all is still well in His world! Sober-minded people feel that they have just cause to worry over the jazzy giddiness of the other half. The other half have to "tickle-toe" to beat the devil to forget their fear that old sour-face is going to make the laws so blue that it will spoil the complexion of every thing. And oh! there are going to be some wrecks along the way. There are going to be heartaches. And there are going to be oceans of un-availing tears. For they who ignore or defy danger are going to be crushed. And in the crushing some innocent ones are going to suffer. On the rock-bound ocean's rim some waves must dash and break. But the great tides rise and fall in unflinching obedience to law. And so the great ocean of life ebbs and flows, and the great mass of humanity is going to right itself and flow onward through the great aeons of God's eternity in obedience to the great law of harmony. So if the times seem out of tune—and they do—if the machinery seems to be jumping a cog every now and then—and it does—quit worrying about the other fellow so much and take time to look inside of your own mental and spiritual machinery. Maybe it is there that the "knock" is; maybe it is there that the snapped chord is that is making the discord that is spoiling your peace of mind and clouding your hopes for humanity. Fundamentally, much of the trouble of the world today is too much worrying over the other fellow and not enough effort to keep one's self attuned to the great harmonies of the universe that make for peace and growth. We can't knock down the cliffs that confine the ocean. We can't prevent the mad-cap, white-cap waves from dashing against them and breaking into spray. But we can look over and beyond all and see the sunlight of God's over-ruling providence and be an optimist.

Take this for your motto: "Live today within the day." Put it up conspicuously in your home or office where you can see it, and try to live up to it. Do not try to live more than a day at a time. Say to yourself in the morning: "This day I begin a new life. I will seize the instant as it passes and wring from it every possibility. I will look neither backward nor forward, but fling my very soul into the doing of the present duty. I will make this day count, so that it will be a masterpiece, a red-letter day, a superb asset; I resolve to try to make my highest moment permanent, to realize my highest ideal for today."—The American Home.

### EASTER.

Easter, in Latin Pascha, the Christian Passover commemorating the resurrection of Jesus Christ, falls this year on Sunday, April 16. It corresponds to the passover of the Old Testament, showing in a wonderful way the connection between the old and the new Dispensation. The Passover was instituted to commemorate the deliverance of the Israelites from Egyptian bondage. This miraculous delivery was the figure of the deliverance of man from the bondage of sin and the slavery of the evil one by the death and resurrection of Our Savior. He is Himself the spotless Lamb, as St. John calls Him, "Behold the Lamb of God."

The stirring events that happened previous to the Resurrection are recorded by the four Evangelists and should be familiar to all Christians as they are the most memorable and touching narratives of the history of the whole world.

Easter is the center of the Church calendar, regulating the time of other festivals, Lent, the Ascension, Pentecost, Trinity. It never falls on the same date twice in succession though it is always on a Sunday. Easter time is reckoned by the phase of the moon and not by the sun. The way of fixing the date of Easter was accepted in the year 525 and promulgated as a law by Gregory XII in 1572. According to this rule Easter Sunday is the first Sunday which occurs after the first full moon following the spring Equinox (March 21). As a result the earliest possible date of Easter is March 22 and the latest April 25.

Russia and other "orthodox" Greek are still adhering to the Julian calendar.

## Colds & Headache

"For years we have used Black-Draught in our family, and I have never found any medicine that could take its place," writes Mr. H. A. Stacy, of Bradyville, Tenn. Mr. Stacy, who is a Rutherford County farmer, recommends Black-Draught as a medicine that should be kept in every household for use in the prompt treatment of many little ills to prevent them from developing into serious troubles.

## THEDFORD'S BLACK-DRAUGHT

"It touches the liver and does the work," Mr. Stacy declared. "It is one of the best medicines I ever saw for a cold and headache. I don't know what we would do in our family if it wasn't for Black-Draught. It has saved us many dollars. . . I don't see how any family can hardly go without it. I know it is a reliable and splendid medicine to keep in the house. I recommend Black-Draught highly and am never without it."

At all druggists.

## SCHOLASTIC CENSUS.

While thus far we have been unable to get a complete Scholastic census of the county, we are indebted to County Superintendent Saathoff for returns from three of the independent districts. From these it will be seen that both Hondo and Devine are losing forty-four, while D'Han-  
 shows a gain of four over the 1921-22 enrollment. The losses of Hondo and Devine in Scholastics can prob-  
 be accounted for by an exodus from the towns by the Mexican popula-  
 back to the farms, and it is prob-  
 the loss shown by these two  
 will be accounted for when a  
 census of the rural districts are  
 available, as it is hardly probable  
 the county has lost in Scholastic  
 population. Prof. Saathoff has prom-  
 a complete list of the entire  
 as soon as the figures are  
 available.

The Hondo Independent School  
 district shows:

Boys, white	236
Boys, colored	15
Girls, white	238
Girls, colored	24
Total	513

The Hondo Independent School Dis-  
 trict shows:

Boys, white	101
Boys, colored	103
Girls, white	204
Girls, colored	234
Total	542

The Devine Independent School Dis-  
 trict shows:

Boys, white	234
Boys, colored	3
Girls, white	229
Girls, colored	8
Total	474

These three independent districts  
 have a total of 1,191 Scholastics,  
 being thirteen more girls re-  
 than boys. If the same ratio  
 between the sexes is kept up when  
 get a full return of all the Schol-  
 it is probable it will make the  
 of the future sit  
 and take notice.

## DIES SUDDENLY.

Mr. Eugene Davis, the father of  
 Mrs. R. M. Yantis, was found dead  
 in his bed Wednesday morning, death  
 having occurred some time Tuesday  
 night.

Deceased had been complaining  
 for some few days before his demise,  
 but no one thought the end was so  
 near at hand, not even the deceased  
 himself. He retired at the usual  
 time Tuesday night, and his body was  
 discovered Wednesday morning and  
 an examination by a physician showed  
 that life had been extinct for sev-  
 eral hours. Heart failure is assigned  
 as the cause of death.

Deceased was known to but few of  
 our people, as he had resided in Hon-  
 do but a short time, coming here from  
 San Antonio to be with his daughter,  
 Mrs. Yantis.

Mr. Davis was born in Tennessee  
 seventy-three years ago last March.  
 At the age of 23 years he came to San  
 Antonio and had made his home there  
 for the past fifty years. He was  
 twice married, his first wife preced-  
 ing him to the grave. His second  
 wife is in New York City.

Besides his last wife he is surviv-  
 ed by five children, all daughters, of  
 whom Mrs. Yantis is the only one  
 in Texas, the other four being in New  
 York City.

His body was carried back to San  
 Antonio, the city he loved so well,  
 and will await the resurrection morn-  
 in Mission Burial Park, Mr. and Mrs.  
 Yantis accompanying the body, and  
 they have as yet not returned home.

The hearts of our people go out in  
 sympathy to the stricken ones in  
 their great bereavement. May a ben-  
 ighted Heavenly Father comfort them  
 in their sorrow is the wish of all our  
 people.

## PARENT-TEACHER ASSOCIATION

From The Huajillo Leaf.

Monday, April 10, the Parent-  
 Teacher Association met in regular  
 monthly meeting. The meeting open-  
 ed with a reading of the Mothers'  
 Creed. Mrs. Chancey then read some  
 of the campaign literature of Mr. Ed  
 R. Bennett who is candidate for State  
 Superintendent of Public Instruction.  
 Next, the President called for a re-  
 port from the nominating committee  
 for the new Parent-Teacher Associa-  
 tion officers. The following officers  
 were then elected for the ensuing  
 year: President, Mrs. Mimke Muen-  
 ink; First Vice-President, Mrs. J. A.  
 Horger; Second Vice-President, Mrs.  
 L. E. Heath; Third Vice-President,  
 Mrs. O. H. Miller; Secretary, Miss  
 Willie D. Fly; Treasurer, Mrs. Earl  
 Boon; Corresponding Secretary, Mrs.  
 T. B. Holloway.

After a speech by the retiring pres-  
 ident, the new president assumed the  
 chair.

A motion, made by Mrs. Cockrell,  
 that the club present Mrs. Chancey  
 with a gift in appreciation of her  
 three years of faithful and compe-  
 tent leadership, was carried.

Mr. Merritt then talked to the club  
 about the opening of "The Rest  
 Room," and solicited the aid of the  
 club in entertaining the rural ladies.

The banner was awarded the 4th  
 grade.

After the conclusion of the busi-  
 ness of the meeting refreshments of  
 ice-cream and sandwiches were served.

## CUPID STRIKES A SENIOR.

From The Huajillo Leaf.

A most surprising event took place  
 Saturday, April 1. Althea, one of the  
 dignified seniors, broke all the laws  
 of a graduate and committed matri-  
 mony.

This little ex-student of old Hondo  
 High visited San Antonio that event-  
 ful Saturday and came back the wife  
 of Mr. Bert Kimball. Mr. Kimball is  
 employed in an extensive business in  
 Tampico, Mexico, and has returned to  
 that place, leaving his bride a  
 guest of friends in San Antonio.

"The Huajillo Leaf" and school  
 extend best wishes for a happy and  
 prosperous life to our little school-  
 mate and her husband. She will  
 always be welcome within the portals  
 of Hondo High.

## CARD OF THANKS.

By this means we wish to express  
 our great appreciation to our friends  
 and neighbors for the great assistance  
 rendered us during the illness, and  
 the sympathy shown on the death of  
 our beloved mother, Mrs. Sebastian

Decker. We wish to assure one and  
 all that their kindness will ever be  
 held in grateful remembrance by,

Sincerely yours,  
 Her Children.

A lawyer was defending a burglar accused of burglary or house-breaking. "I submit, your honor," said the lawyer, "that my client did not break into the house at all. He merely saw a window, inserted his arm and removed a few articles. Now, my client's arm is not himself. Why punish his whole body when his arm is the guilty member?"

"That argument is well put," said the judge. "I sentence the arm to twelve months' imprisonment. The man may accompany it or not, as he chooses."

The prisoner smiled, took off his wooden arm, and walked out.—The Chaparral.

DEVINE NEWSLETS.

From The Devine News.

Rushing Tree Planting in Nursery.

Mr. F. T. Ramsey of Austin Nursery was her Saturday and Sunday looking after the new nursery. Mr. Ethridge informs us that about 2,500 plum, peach and other fruit trees have been planted and several thousand berries. No more trees will be planted now as the season is getting late. The trees so far are set for the orchard, and the nursery stock will not be transplanted until next fall or winter. Mr. Ethridge says plums and peaches have mostly been planted; but some pears and a few apples have been set out. We would like to see oranges tried out here as an experiment.

Williamson Bros. have completed the overhauling of their ice plant, and begin making ice this week, giving us day power again.

Miss Oma McCombs, popular saleslady for Howard & Sons, resigned her position Friday evening, went up to San Antonio where she met Wayne Slater, a Devine boy now at Port Arthur and they were married, at the court house in that city Saturday afternoon, and left on a late evening train for Port Arthur, their future home.

J. C. Thompson and tenants loaded the first car of onions for 1922, Saturday. They were sold on the track here at a good price, we understand, but there was some contention about the grades, and had to be assorted and repacked, we were informed.

L. N. Braun, for many years a citizen and business man of Devine, died at Del Rio this week. Notice of his death has been sent out by the Medina County Aid, of which he was a member.

Quite a number of patrons and friends of the school went over to Hondo Friday and Saturday to attend the county meet, and to see the Devine school bring home a big lot of honors.

FROM THE BANDERA NEW ERA.

Mrs. Billings and children, Addison and Lillian, of Hondo visited relatives here Saturday and Sunday.

Judge J. A. Eames, Commissioner John A. Edwards, Joe Montague and Frank Billings went down to the Medina county corner Monday to meet the state highway engineer in consultation about building a road across that corner. The engineer measured the distance and found it to be only a little over two miles, and estimated the cost of building the road to meet the state highway requirements at about \$10,000. As \$8,000 of the amount is now available it's up to Bandera people to raise the balance and do it at once if we expect to get use of the state highway money. This must be done by popular subscription, so when the solicitors come around to see you and ask you to help, be ready to go down into your jeans and dig up.

Louis Haby and son Robert were over from Utopia the early part of the week. Mr. Haby was the guest of his old friend, J. W. Short, while in the city. He informs us that Utopia has had good rains, the precipitation amounting to more than four inches during the past week.

# MEDINA COUNTY SCHOOL MEET.

Hondo was thronged with visitors from every section of the county last Friday and Saturday in attendance at the County School Meet.

The schools and the pupils vied with each other in contesting for the various honors and succeeded in scattering them so promiscuously over the county that all found something to feel proud of. All are to be congratulated on the parts played.

To make mention of all the visitors within our gates for the occasion would be an impossible task, and for a more detailed report of the various events of the two days we borrow from the Huajillo Leaf its report below:

**FIRST DAY OF COUNTY MEET.**

From The Huajillo Leaf.

At last the great day, namely, the first day of the County Meet, dawned. My! but we were excited! Could you blame us? No, for weeks we had been practicing in order that we might win the most points, and we were eager to do it.

The day started with the spelling contest at 9 o'clock. Clara Buss, our senior speller, did just what we expected her to. She won first place, thus giving us twenty points. Frances Neuman, the junior speller, also did her part by winning third place in the junior spelling. In the sub-junior spelling, Myra Strawn showed her ability to spell by winning first place in this contest.

At 10 o'clock we all went to the Auditorium to hear the declamation. Lucille Boon, the little junior declaimer for the girls, showed us just what she could do by carrying off the first place honors. Thelma Lynch, the senior girl declaimer, upheld her reputation by coming out winner of second place. Tony Windrow, senior boy declaimer, helped old Hondo High by winning third place in the senior boys' declamations.

The first event in the afternoon was the essay writing contest at 1 o'clock. We never doubted that we would be victorious, for who was representing us but Ina and Jessie? We were certainly not disappointed, for Ina King won first honors, while Jessie Blocker won fourth place.

At 2:30 o'clock the tennis matches

began. We knew no contestant could outclass the Windrow brothers and our knowledge proved right when Henry and Tony won the tennis doubles. Homer Wilson, who played in the tennis singles, also fulfilled expectations by winning the tennis singles. The girls who played tennis were not as successful as the boys although they played well, for Devine won the girls' doubles and singles.

At 7 o'clock that night the girls and boys' debates took place. We remembered what Sister and Evelyn did last year, so we felt no fear they would win, and we didn't need to, for they carried off the victory. Albert and Will Earnest did exceedingly well, but luck failed them, for Devine won the boys' debate.

the county meet is no small matter and although we are the champions let us not forget that other schools are only awaiting a chance to win our title. So next year let us again be conquerors, and fight harder than we may win by a much larger score. The following record contains the number of points won by Hondo and Devine:

Hondo	Devine
Track and Field	62
Declamation	18
Essays	10
Debates	30
Spelling	40
Tennis	13
Basketball	5
Volley Ball	10
Total	188

**THE CHAMPIONSHIP CUP REMAINS IN HONDO HIGH FOREVER.**

Winner of 183 Points.

Saturday, April 8, was the second day of the County Meet. Again the students of the different schools in the county met, each hoping to win the Championship Cup. But Hondo High still reigns supreme, for although she had a close opponent in Devine, she won the county meet by five points. Thus, the Championship Cup which she has retained for two years remains in Hondo High forever. We consider the County Meet a great success, and hope we may be as successful in the district meet. In the rural school contests Black Creek

won the championship, defeating Live Oak by a score of 53 points to 47 points.

There were six loving cups given; three, the volley ball cup, the boys' tennis, and the Championship Cup to Hondo; three, one to Hubert Morgan, the high point man, the boys' basketball and the girls' tennis to Devine.

The volley ball game was quite interesting, and we are very proud of the good work these players did. In spite of only three days practice, our girls showed their metal, when they defeated so strong a team as that of Devine. The game was played fair and square, and no one has a kick coming.

**CARTER & HEYEN**

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Nature will then throw off or dispet the worms, and the child will be in perfect health. Pleasant to take. 75c per bottle.
